Please provide a timeline of your wedding day or event within 1 week of your wedding. Please provide available space to park/unload equipment at all locations that require travel for the day (homes, church, etc). It is important that all vendors included in your wedding day adhere to the same timeline to avoid miscommunication. If there is any change to the timeline please let us know or keep us in contact with your wedding or event coordinator.

The client is responsible for any damage or theft to any or all equipment in the hours of the scheduled timeframe and is on the premises of your event. Please allow us to store our equipment in a safe place at each location to avoid any damage or theft that might accidentally occur.

Every church and event location has a different set of boundaries. We move frequently to obtain different angles for different shots. Please let us know if there is anywhere at the event location that we are prohibited to be on. This will make sure the ceremony or event is not disrupted and you can embrace this great experience. Please advise all guests ahead of time to limit photo and video during a wedding ceremony with phones or personal cameras. For example, once the bride and groom walk down the isle, your moments will not look as great if there are phones in the center of the isle taking photos.

There are no refunds the day of your event, after your event, or events that are paid in full. If a refund is granted with the expected cancellation time frame, deposits will be excluded.

By continuing with your event or session, you agree to the terms above.
